GENERAL INFORMATION

HISTORY

St. Joseph's Seminary was founded by the Most Reverend Henry Joseph Richter, the first Bishop of Grand Rapids. The Seminary was first opened on September 8, 1909, in a frame building just south of St. Andrew's Cathedral in downtown Grand Rapids. Monsignor Anthony Volkert, who was instrumental in organizing the seminary, was appointed rector. The following year a four-story brick structure was ready for occupancy, but in spite of an addition in 1913 it soon proved inadequate to meet the seminary's growing needs. In 1919 the present campus of 161½ acres on Burton Street was purchased, and on January 12, 1921, the new seminary building was blessed by Bishop Edward D. Kelly.

The administration building houses the seminary offices, chapel, auditorium, and the classrooms and dormitories. Additions to the kitchen, refectory, and chapel were constructed in 1958. To the east of this building stands the Sisters' Convent, built in 1948.

South of the administration building along Union Boulevard the gymnasium was erected.

St. Henry's Hall, the residence and classroom building for the college students was constructed in 1957 at the north-east end of the campus.

PURPOSE

St. Joseph's Seminary has for its sole purpose the initial formation of candidates for the priesthood of the Diocese of Grand Rapids. This formation covers the secondary and junior college years.

As a seminary its principal purpose is to provide for the spiritual development of the candidates to the end that their lives may be permeated with the spirit and love of Jesus Christ as the only fountainhead of meaningful personal life and fruitful apostolate to the world. This development is fostered through a thorough grounding in the principles of the Faith and active participation in the Liturgy according to the directives of the Second Vatican Council. Attention is also given to the growth of natural virtues, especially individual responsibility, self-discipline, leadership, generosity and cooperation.

As an institution of learning the seminary seeks to cultivate the student's intellect through the disciplines of the liberal arts.

Particular attention is given to achieving a mastery of the English and Latin languages; the seminary also offers courses in such other languages, natural and social sciences and arts, as are required for an effective ministry in the Diocese of Grand Rapids.

At the same time, the seminary promotes the physical development of the student and his formation in habits of sound hygiene, so that he may possess the health required for an effective exercise of the priestly ministry.

MEMBERSHIPS

St. Joseph's Seminary in both the High School and Junior College Departments is affiliated with the Catholic University of America, Washington, D.C. It is also a member of the National Catholic Education Association, the Association of Catholic Colleges of Michigan, the Catholic Library Association, the National Catholic Music Educators Association, and the American Catholic Historical Association.

STUDY FACILITIES

Language Laboratories: Microschool listening-centers are used for development of language skills in French, Spanish and Latin courses.

Science Laboratories: The laboratory in the administration building provides facilities for experiments in chemistry, biology and earth science.

Library: The seminary library is adapted to the liberal arts curriculum and to the special needs of seminarians. The library

and reading rooms contain about 14,500 volumes, as well as an ample supply of current periodicals. The students have daily access to the library; they are also encouraged to make use of the Grand Rapids Public Library.

Music Facilities: Several pianos and two-manual electronic organ are available for students interested in these instruments. A fee is charged for their use. (Piano: \$2.50 per semester; organ: \$5.00 per semester). Other instruments must be furnished by the students; rooms are available for practice during free time. Arrangements can be made for students to take lessons in organ, piano, or other musical instruments outside the seminary. Both the high school and junior college departments have a music room equipped with record player and tape recorder; the development of love and appreciation for music is encouraged.

STUDENT SERVICES

Counseling. Faculty counselors are appointed for each class. Each student is advised to report to his counselor on his progress in study and general discipline at least once a semester. At the same time the student as well as his parents are always free to seek the counsel of any faculty member.

Food: The kitchen is under the direction of the Sisters of St. Dominic, Marywood, Grand Rapids.

Health: The infirmary is under the direction of one of the Sisters, a registered nurse. In case of illness students are attended by the Seminary physician.

Parents preferring any other physician should notify the Rector in writing at the beginning of the school year. Special medical attention, medicines, and hospitalization are to be paid for by the student. Some time during the course each student will be given the Mantoux Tuberculin Test and Chest X-ray.

Students handicapped by speech defects may be required to take special work in speech at their own expense unless this work would be covered by the Michigan Auxiliary Service Act.

Eyes and teeth must be attended to before school opens.

Laundry: Students should come provided with sufficient clothing for a two-three week period. All clothing and articles which can be laundered must be marked with the owner's name, preferably on stamped tapes.

Students use laundry mailing kits to send laundry home. A few students prefer to do part of their own laundry at a near-by laundromat.

Mailing — The most practical arrangement for those who live at a distance is to mail laundry home every two weeks. The Post Office requires students to use the zip code in their address when mailing their laundry home.

Pick-up — Parents can pick up soiled laundry and leave clean laundry in the cortile at the rear of the administration building on each Saturday morning between 8:30 and 12:00.

Recreation: The seminary sport program is under the direction of a faculty member. Baseball, tennis, handball, football, softball, and skating provide healthful outdoor recreation. The gymnasium offers facilities for basketball, handball, and volleyball.

The high school and college recreation rooms may be used for ping-pong, television and radio programs and other leisure-time activities. Movies are shown periodically in the auditorium.

Reports, Grades, Transcripts: A report of the student's progress is sent to his parents and pastor at regular intervals during each semester. A semester report is also issued; an accompanying certification that the report has been examined is to be returned to the Rector with the signature of the parents and of the Pastor.

Each additional one, however, will carry a secretarial charge of \$1.00, which must be paid in advance. All accounts must be paid before a transcript will be issued.

Spiritual Direction: All spiritual activities of the students are under the guidance of the spiritual director; it is his primary duty to furnish direction to the students in their spiritual life and in their vocational problems. He is available for private consultation and the students are encouraged to seek advice and assistance at any time. Regular spiritual conferences are given by him and by the Rector on the principles of the spiritual life.

Student Supplies: School supplies, and books, toilet articles, paperback books, and candy can be obtained at the student stores. Most of the required textbooks are rented; some must be purchased. Proceeds go to student activity funds.

Rather than carry large sums of money with them, students are advised to deposit all but a small amount in the store. Students may draw on this deposit periodically.

Testing Program: The seminary is affiliated with the Catholic University of America on the secondary level. All high school students are required to take the yearly tests offered by the affiliation program. Over the four year period the following areas are tested: Religion, English, Latin, Modern Language (Spanish or French), World History, American History, Algebra, Geometry, Biology, and Chemistry.

During fourth year high school opportunity is provided for the students to take the Scholastic Aptitude Test and Achievement Tests of the College Entrance Examination Board.

Also during fourth year high school opportunity is provided for the student to take a battery of psychological and per-

sonality tests. The purpose of these tests is to furnish the student with a reliable summation of his personality strengths and weaknesses as they appear at the end of his high school course.

CO-CURRICULAR ACTIVITIES

Apostolic and Community Work: The spirit of Christian service nourished by prayer, study and community living extends itself to apostolic programs outside the seminary. These programs include visiting the aged, a "Big Brother" program at the orphanage, the Confraternity of Christian Doctrine, and directing remedial reading programs in underprivileged areas.

Student Publication: The high school students publish their own paper, THE RECORDER. This publication serves to maintain contact with the alumni and at the same time affords an opportunity to develop communication skills.

Student Organization: The student organization known as Students' Catholic Action Service (SCAS) coordinates the work of student committees for co-curricular activities in areas such as the missions, publicity, arts and drama. Faculty advisors are appointed for each of these activities.

REGULATIONS

The family, alive with the spirit of faith, love, and reverence, serves as a kind of introductory seminary (Decree on Priestly Formation). This initial formation is continued more intensively and systematically in the Seminary. However, the Seminary still relies on the support and cooperation of the parents in this all-important training.

Each student receives a copy of the Seminary Rule, and the points of the Rule are explained at the opening of the school year. It will help the new seminarian and his parents to be aware of the following points of seminary procedure:

Students may not leave the seminary grounds without permission. Visits of parents and relatives are allowed during the time and hours appointed for that purpose. Students are granted several off-campus permissions and weekends during each semester besides the regular summer, Thanksgiving, Christmas and Easter vacations. Leave of absence from the seminary is granted for serious reasons.

The seminary authorities reserve the right to inspect mail sent and received, if the good of the individual or the community should demand it.

Telephone calls may not be answered by the students per-

sonally, but necessary and urgent messages will be received for them. A telephone is available for students to call out.

Eatables are not to be sent to the students or brought in by them. But on the student's birthday parents may send a cake or other pastry which will be put on the student's table and shared with his table companions.

The seminary authorities reserve the right to determine the types of reading matter that may be brought into the Seminary.

Students are held liable for damages done to seminary property.

Sufficient talents in studies and the ability to apply oneself to the daily classes and assignments are one indication of a genuine vocation to the priestly life.

PROMOTION, PROBATION, GRADUATION

PROMOTION

The yearly grade in a subject is the average of the grades earned in the first and second semesters. A student who fails to attain a passing grade for the year in one subject will be obliged to do summer work and pass an examination in that subject at the beginning of the next school year. Failure in this make-up work means that the student will have to repeat the previous year's work, if he wishes to continue his seminary course.

A student who does not maintain a satisfactory general average (1.50 credit points for the first two years and 2.00 credit points after that) in his yearly grades, or who fails two or more subjects for the year, will not qualify for promotion. Whether the student will be permitted to repeat the previous year's work will be left to the discretion of the faculty.

PROBATION

Low grades, lack of interest, or neglect of work during any semester renders a student liable to probation. He will be warned that he is on probation for the succeeding semester. During the period of probation, the student is on trial to prove his fitness to carry the seminary course of studies.

GRADES AND CREDITS

The school year is divided into two semesters of sixteen weeks each. Instruction is evaluated in semester hours. A semester hour is defined as one class period of fifty minutes requiring approximately two hours of preparation a week carried throughout a semester. A two-hour period of laboratory work is considered the equivalent of one semester hour.

Sixteen semester hours of work in addition to physical education is considered the normal class load. As all courses do not carry the same number of semester hours, the load may vary from fifteen to eighteen hours. No student may enroll for more than eighteen hours without special permission.

Grade reports are sent to parents after the close of each semester. The student's grade for each course is determined by class work, tests, and semester examination. Tentative grades for students are filed with the Dean at the mid-semester. At the end of each semester a report of the student's grades is filed in the Registrar's office.

The work of students in each subject is graded by letter and by number of honor points as listed below:

GRADE	SIGNIFICANCE	HONOR POINTS
A	Excellent	93 - 100
B	Good	85 - 92
C	Average	77 - 84
D	Poor, but Passed	1
F	Failed	0
I	Incomplete	
X	Absent from Examination	
WP	Withdrew Passing	
WF	Withdrew Failing	
FA	Failure because of excessive absences	

To be in GOOD STANDING a student must have at least twice as many honor points as the semester hours of work he has completed. In order to qualify for promotion to sophomore status, a freshman must accumulate at least 30 semester hours and sixty honor points; in order to graduate from the junior college department, sophomores must accumulate at least 60 semester hours and one hundred twenty honor points.
