GENERAL INFORMATION

HISTORY

St. Joseph's Seminary was founded by the Most Reverend Henry Joseph Richter, the first Bishop of Grand Rapids. The Seminary was first opened on September 8, 1909, in a frame building just south of St. Andrew's Cathedral in downtown Grand Rapids. Monsignor Anthony Volkert, who was instrumental in organizing the seminary, was appointed rector. The following year a four-story brick structure was ready for occupancy, but in spite of an addition in 1913 it soon proved inadequate to meet the seminary's growing needs. In 1919 the present campus of 16½ acres on Burton Street was purchased, and on January 12, 1921, the new seminary building was blessed by Bishop Edward D. Kelly.

The administration building houses the seminary offices, chapel, auditorium, and the classrooms and dormitories. Additions to the kitchen, refectory, and chapel were constructed in 1958. To the east of this building stands the Sisters' Convent, built in 1948.

South of the administration building along Union Boulevard the gymnasium was erected.

St. Henry's Hall, the residence and classroom building for the college students was constructed in 1957 at the north-east end of the campus.

PURPOSE

St. Joseph's Seminary has for its sole purpose the initial formation of candidates for the priesthood of the Diocese of Grand Rapids. This formation covers the secondary and junior college years.

As a seminary its principal purpose is to provide for the spiritual development of the candidates to the end that their lives may be permeated with the spirit and love of Jesus Christ as the only fountainhead of meaningful personal life and fruitful apostolate to the world. This development is fostered through a thorough grounding in the principles of the Faith and active participation in the Liturgy according to the directives of the Second Vatican Council. Attention is also given to the growth of natural virtues, especially individual responsibility, self-discipline, leadership, generosity and cooperation.

As an institution of learning the seminary seeks to cultivate the student's intellect through the disciplines of the liberal arts.

Particular attention is given to achieving a mastery of the English and Latin languages; the seminary also offers courses in such other languages, natural and social sciences and arts, as are required for an effective ministry in the Diocese of Grand Rapids.

At the same time, the seminary promotes the physical development of the student and his formation in habits of sound hygiene, so that he may possess the health required for an effective exercise of the priestly ministry.

DIRECTORY

Mailing address:

St. Joseph's Seminary

600 Burton Street, S.E.

Grand Rapids, Michigan 49507

Telephone: 245-2159

Transportation: St. Joseph's Seminary is located in south Grand Rapids. Burton Street connects east of the Seminary with Highways M 44 and I 96, west with U.S. 131 and I 296. The Madison Bus stops at the corner of the Seminary property.

MEMBERSHIPS

St. Joseph's Seminary in both the High School and Junior College Departments is affiliated with the Catholic University of America, Washington, D.C. It is also a member of the National Catholic Education Association, the Association of Catholic Colleges of Michigan, the Catholic Library Association, the National Catholic Music Educators Association, and the American Catholic Historical Association, the American Institute of Biological Sciences, the National Association of Biology Teachers.

BOARD OF COUNSEL

The Rector and the faculty of the seminary are aided in their work by a Board of Counsel which serves as a channel of communication between the seminary, the parents and the diocese at large. Representatives of the clergy, parents, educators, Ser-rans, and the general diocesan community comprise this Board.

STUDY FACILITIES

Language Laboratories: Microschool listening-centers are used for development of language skills in French, Spanish and Latin courses.

Science Laboratories: The laboratory in the administration building provides facilities for experiments in chemistry, biology and the physical science course.

Library: The seminary library is adapted to the liberal arts curriculum and to the special needs of seminarians. The library and reading rooms contain about 14,500 volumes, as well as an ample supply of current periodicals. The students have daily access to the library; they are also encouraged to make use of the Grand Rapids Public Library.

Music Facilities: Several pianos and a two-manual electronic organ are available for students interested in these instruments. A fee is charged for their use. (Piano: \$2.50 per semester; organ: \$5.00 per semester). Other instruments must be furnished by the students; rooms are available for practice during free time. Arrangements can be made for students to take lessons in organ, piano, or other musical instruments outside the seminary. Both the high school and junior college departments have a music room equipped with record player and tape recorder; the development of love and appreciation for music is encouraged.

STUDENT SERVICES

Counseling. Faculty counselors are appointed for each class. Each student is advised to report to his counselor on his progress in study and general discipline at least once a semester. At the same time the student as well as his parents are always free to seek the counsel of any faculty member.

Food: The kitchen is under the direction of the Sisters of St. Dominic, Marywood, Grand Rapids.

Health: The infirmary is under the direction of one of the Sisters, a registered nurse. In case of illness students are attended by the Seminary physician.

Parents preferring any other physician should notify the Rector in writing at the beginning of the school year. Special medical attention, medicines, and hospitalization are to be paid for by the student. Some time during the course each student will be given the Mantoux Tuberculin Test and Chest X-ray.

Students handicapped by speech defects may be required to

take special work in speech at their own expense unless this work would be covered by the Michigan Auxiliary Service Act.

Eyes and teeth must be attended to before school opens.

Laundry: Students should come provided with sufficient clothing for a two-three week period. All clothing and articles which can be laundered must be marked with the owner's name, preferably on stamped tapes.

Students use laundry mailing kits to send laundry home. A few students prefer to do part of their own laundry at a near-by laundromat.

Mailing — The most practical arrangement for those who live at a distance is to mail laundry home every two weeks. The Post Office requires students to use the zip code in their address when mailing their laundry home.

Pick-up — Parents can pick up soiled laundry and leave clean laundry in the cortile at the rear of the administration building on each Saturday morning between 8:30 and 12:00.

Recreation: The seminary sport program is under the direction of a faculty member. Baseball, tennis, handball, football, softball, and skating provide healthful outdoor recreation. The gymnasium offers facilities for basketball, handball, and volleyball.

The high school and college recreation rooms may be used for ping-pong, television and radio programs and other leisure-time activities. Movies are shown periodically in the auditorium.

Reports, Grades, Transcripts: A report of the student's progress is sent to his parents and pastor at regular intervals during each semester. A semester report is also issued; an accompanying certification that the report has been examined is to be returned to the Rector with the signature of the parents and of the Pastor.

GRADING

- A — 93-100 Superior, 4 credit points
- B — 85-92 Above Average, 3 credit points
- C — 77-84 Average, 2 credit points
- D — 70-76 Below Average, but passing, 1 credit point
- F — 69 or less Failure, no credit points
- I — Incomplete
- X — Absent from examinations
- WP — Withdrew Passing
- WF — Withdrew Failing

- A Superior. Indicates the student is working to his full potential, exceeding requirements of the instructor in quality and quantity of work and has an excellent grasp of the subject matter.
- B Above Average. Indicates the student is working to his potential, meeting all requirements of the instructor and has a good grasp of the subject matter.
- C Average. Indicates the student is barely meeting assignments, does not take initiative in his work or class and has only a fair grasp of the subject matter.
- D Below Average but Passing. Indicates the student is not meeting assignments and requirements of the instructor yet has a minimum grasp of the subject matter — suggesting either questionable ability or insufficient application.

Scale of marking conduct and application:

- I Good
- II Fair. Student is advised to improve.
- III Unsatisfactory. Student is on probation and must improve.
- IV Totally unacceptable. Student will be dismissed.

A transcript of credits will be issued for every student who transfers to another educational institution. The first transcript will be made without charge. Each additional one, however, will carry a secretarial charge of \$1.00, which must be paid in advance. All accounts must be paid before a transcript will be issued.

Spiritual Direction: All spiritual activities of the students are under the guidance of the spiritual director; it is his primary duty to furnish direction to the students in their spiritual life and in their vocational problems. He is available for private consultation and the students are encouraged to seek advice and assistance at any time. Regular spiritual conferences are given by him and by the Rector on the principles of the spiritual life.

Student Supplies: School supplies, and books, toilet articles, paperback books, and candy can be obtained at the student stores. Most of the required textbooks are rented; some must be purchased. Proceeds go to student activity funds.

Rather than carry large sums of money with them, students are advised to deposit all but a small amount in the store. Students may draw on this deposit periodically.

Testing Program: The seminary is affiliated with the Catholic University of America on the secondary level. All high school

students are required to take the yearly tests offered by the affiliation program. Over the four year period the following areas are tested: Religion, English, Latin, Modern Language (Spanish or French), World History, American History, Algebra, Geometry, Biology, and Chemistry.

During fourth year high school opportunity is provided for the students to take the Scholastic Aptitude Test and Achievement Tests of the College Entrance Examination Board and the Michigan Competitive Scholarship Examination.

Also during fourth year high school opportunity is provided for the student to take a battery of psychological and personality tests. The purpose of these tests is to furnish the student with a reliable summation of his personality strengths and weaknesses as they appear at the end of his high school course.

CO-CURRICULAR ACTIVITIES

Apostolic and Community Work: The spirit of Christian service nourished by prayer, study and community living extends itself to apostolic programs outside the seminary. These programs include visiting the aged, the Confraternity of Christian Doctrine and directing remedial reading programs in underprivileged areas.

Student Publication: The high school students publish their own paper, THE RECORDER. This publication serves to maintain contact with the alumni and at the same time affords an opportunity to develop communication skills.

Student Organization: The Student Council coordinates the work of student committees for co-curricular activities in areas such as the missions, publicity, arts and drama. Faculty advisors are appointed for these activities.

REGULATIONS

The family, alive with the spirit of faith, love, and reverence, serves as a kind of introductory seminary (Decree on Priestly Formation). This initial formation is continued more intensively and systematically in the Seminary. However, the Seminary still relies on the support and cooperation of the parents in this all-important training.

Each student receives a copy of the Seminary Rule, and the points of the Rule are explained at the opening of the school year. It will help the new seminarian and his parents to be aware of the following points of seminary procedure:

Students may not leave the seminary grounds without permission. Visits of parents and relatives are allowed during the time and hours appointed for that purpose. Students are granted several off-campus permissions and weekends during each semester besides the regular summer, Thanksgiving, Christmas and Easter vacations. Leave of absence from the seminary is granted for serious reasons.

The seminary authorities reserve the right to inspect mail sent and received, if the good of the individual or the community should demand it.

Telephone calls may not be answered by the students personally, but necessary and urgent messages will be received for them. A telephone is available for students to call out.

Eatables are not to be sent to the students or brought in by them. But on the student's birthday parents may send a cake or other pastry which will be put on the student's table and shared with his table companions.

The seminary authorities reserve the right to determine the types of reading matter that may be brought into the Seminary.

Students are held liable for damages done to seminary property.

ROOM AND BOARD, TUITION, FEES

High School Department

Students of the Diocese of Grand Rapids:

Room, Board, Fees* and Tuition charge
per year will be\$400.00

Students from other Dioceses:

Room, Board, Fees* and Tuition charge
per year will be\$834.00

*Fees: \$34.00 per year include \$10.00 accident insurance; \$24.00 for administration, library, student paper, student council.

Junior College Department

Students of the Diocese of Grand Rapids:

Room, Board, and Tuition charge per year
will be\$ 800.00

Students from other Dioceses:

Room, Board, and Tuition charge per year
will be\$1,200.00

The above charges do not cover the total cost of operating the seminary. The actual cost per student in the high school department is approximately \$940.00 per year. (Tuition cost — \$200.00; room, board and operating costs — \$740.00.)

The cost per student in the college department is approximately \$1,500.00 per year. (Tuition — \$600.00; transportation and Aquinas cafeteria — \$230.00; room, board, operating cost at seminary — \$670.00.)

The generosity of the faithful through the Diocesan Development Fund makes up the difference between the actual cost and student charge.

Scholarships: Students in need of financial assistance may compete in the State of Michigan Competitive Scholarship Program for college.

The student will need about \$20.00 for books in high school and \$40.00 in college.

TERMS

Accounts must be settled before academic credits may be obtained.

Payments should be made in advance. Quarterly and monthly payments may be made by special arrangement with the Rector.

REFUND SCHEDULE

4 weeks or less.....	70%
5-6 weeks	60%
7-8 weeks	50%
9-10 weeks	40%
11-12 weeks	30%
13-14 weeks	20%
15 or more weeks.....	0%

Fees (including book rentals) are not refundable.

ADMISSION OF STUDENTS

The Seminary accepts only those who have the intention of preparing themselves for the priesthood and who have given evidence of sufficient intellectual capacity to follow the course of studies established according to the mind of the Church for the training of her future priests. Sufficient talents in studies and the ability to apply oneself to the daily classes and assignments are one indication of a genuine vocation to the priestly life.

Students are admitted only at the beginning of the first semester. No new classes are organized for the second semester.

HIGH SCHOOL:

Students seeking admission to the high school department of the seminary must complete the following requirements:

1. Passing grade in entrance examination.
2. Application form properly filled out.
3. Small photo or snapshot.
4. Doctor's report on form supplied by the Seminary.
5. Baptismal certificate.
6. Confirmation certificate.
7. Parents' marriage certificate.
8. 8th grade report card or high school transcript giving evidence of satisfactory work over 2 years in English, Mathematics and Social Studies.

Items 5, 6, 7: Baptismal, Confirmation, Parents' Marriage certificates must be obtained from the church where the Sacraments were received. Keepsake certificates do not suffice and cannot be accepted.

PROMOTION, PROBATION, GRADUATION

PROMOTION

The yearly grade in a subject is the average of the grades earned in the first and second semesters. A student who fails to attain a passing grade for the year in one subject will be obliged to do summer work and pass an examination in that subject at the beginning of the next school year. Failure in this make-up work means that the student will have to repeat the previous year's work, if he wishes to continue his seminary course.

A student who does not maintain a satisfactory general average (1.50 credit points for the first two years and 2.00 credit points after that) in his yearly grades, or who fails two or more subjects for the year, will not qualify for promotion. Whether the student will be permitted to repeat the previous year's work will be left to the discretion of the faculty.

PROBATION

Low grades, lack of interest, or neglect of work during any semester renders a student liable to probation. He will be warned that he is on probation for the succeeding semester. During the period of probation, the student is on trial to prove his fitness to carry the seminary course of studies.

GRADUATION

For high school graduation four years of high school work are required; with a minimum of sixteen Carnegie units of credit. The sixteen units must include the following:

English	3	Mathematics	2
Latin	3	Science	2
Social Studies	2	Modern Language ..	2
Religion	2		

Normally the Seminary program includes four units each of Latin and English, as well as one unit of Greek and one unit of Speech.

CURRICULUM

First Year

Religion 1 One half unit

Salvation History. Christ promised; His life on earth; Christ living on; His final triumph.

English 1 One unit

Advanced grammar: complete review and further study of the parts of speech and sentence structure. Frequent exercises, drill in parsing. Detailed study of punctuation and capitalization. Spelling.

Composition: Writing of correct sentences. Imitative and original pieces in narration and description.

Literature: The main objectives for the first year are to interest the student in reading and to enrich his thought. Well over a hundred selections from English and American literature are assigned according to subject matter, e. g. adventure, achievement, personal ideals, the life of grace, man and his work, man and society, home and family, love of country.

Students also make reports on books which they read with the approval of their teacher.

Latin 1 One unit

An introduction to Latin with a view toward reading Latin and understanding it as it is read. Exercises emphasize changing of one Latin construction into another without changing its meaning; meeting vocabulary in context; understanding questions that use constructions which differ from those in the text that has been read; and the answering of the questions in Latin.

Algebra One unit

The nature and uses of Algebra. The Formula. Statistical Graphs. Positive and negative numbers. Monomials and polynomials.

The equations. Factoring. Fractions and fractional equations. Ratio and proportion. Roots and powers. Equations of the second degree.

Introduction to Trigonometry.

World History One unit

The outstanding events of ancient, English, medieval, and modern history. Course aims to develop in students a world viewpoint that they may have a broad, comprehensive perspective of world contributions and world trends.

Speech 1 One quarter unit

Elements of good speech: audibility, clarity, pace, pitch and inflection. Frequent application through reading in class. First efforts at short talks.

Principles of the Physical Sciences One half unit

Purpose of this course is to prepare students for the more advanced courses in high school. The basic principles of physics, chemistry, and biology will be approached from an experimental point of view with a heavy emphasis on laboratory work. Also included is information about the newest developments in space exploration, modern weather forecasting, and current trends in the field of science. Individual science projects will be assigned as a means of independent study.

Music 1 (See Fourth Year)

Second Year

Religion 2 One half unit

Worship in Biblical History. Christian Worship; the Sacraments; the Mass.

English 2 One unit

Composition: Review of principles of correct writing. Clearness in sentence and paragraph through unity, coherence, and emphasis. Variety of expression through combination and expansion. Daily written exercises.

Fundamentals of verse-writing. Book reports.

Literature: Introduction to different types of literature: the short story, the novel, narrative and lyric poetry, biography, the essay, drama, the letter, journalism. Characteristics and moods of the various types.

Latin 2 One unit

An advancement in ability to read Latin with direct comprehension. Readings which review and present new

grammar and new vocabulary continually enhance the student's knowledge of Latin as a language.

Continuous readings on the Trojan War and selections from Caesar's commentaries.

Modern Language 1 **One unit**

French or Spanish

Fundamentals through audio-lingual approach; structural patterns, situational vocabulary and idiom. Basic grammar.

Regular use of language laboratory equipment.

Biology **One unit**

Emphasis is placed on the investigative processes of the science of biology and the history of biological ideas. By means of lectures, laboratory experiments, and field work, the following topics will be investigated: What is life? Organic evolution. The hierarchy of matter and energy. Microorganisms. Plants. Animals. Genetic continuity. Current trends in the biological sciences.

Geometry **One unit**

Plane Geometry: Rectilinear figures. The circle, proposition. Similar polygons. Areas of polygons. Regular polygons and circles.

Solid Geometry: Lines and planes in space. Polyhedrons. Cylinders and cones. The sphere.

Speech 2 **One quarter unit**

Review of principles of good speech. Interpretative reading. Development of poise and confidence in reading and speaking. Use of over-all speech plan.

Third Year

Religion 3 **One half unit**

The Church, the People of God: the Church of the Apostles, the Church and the Kingdom, the Church born of the Triumph of Christ. The Church in the World today.

English 3 **One unit**

Composition: Organizing paragraphs into themes. Adapting themes to the reader by making them interesting and forceful. Further study of verse-writing.

American Literature: A survey. Selections for reading guided by the interests of young people. The growth of the democratic spirit is pointed out and its place marked in the American short story and novel.

Latin 3 **One Unit**

An emphasis is given to translation from English to Latin in order to sharpen the student's knowledge of grammar and form.

A lengthy reading is given on the life of Cicero so that the student will know Rome's greatest orator and also have an appreciation of Roman civilization.

Cicero's description of the Catilinarian conspiracy and other readings from both prose writers and poets are studied.

United States History **One unit**

Colonization and empire building. Struggle for independence. Birth and development of the Republic. The Republic tested, reconstructed and developed. World War I and II. The nation as a world power. The course seeks to impart to the student a knowledge of the political, social, economic, industrial, cultural and religious development of the nation.

Modern Language 2 **One unit**

French or Spanish

Intermediate course. Continued study of patterns, vocabulary, grammar and idiom. Beginnings of original work, both oral and written, in the target language.

Selected readings from literature and current periodicals.

Chemistry **One unit**

Emphasis is on imaginative thinking and logical predictions of chemical concepts. Through lectures and laboratory experiments the following will be investigated: Energy and matter. Atomic theory. Behavior of gases. Bonding of atoms. Ionization. Predictability in chemical reactions.

Organic chemistry. Industrial chemistry. Nuclear chemistry. Chemistry problems. Slide rule.

Speech 3 **One quarter unit**

Development of the various parts of the speech: introduction, body, conclusion. Informal and formal speaking. Continued practice of interpretative reading.

Music 3 (See Fourth Year)

ADMISSION

Beginning with the academic year 1966-1967 the junior college students of Saint Joseph's Seminary take the majority of their courses at Aquinas College, Grand Rapids.

For graduates of the Seminary high school admission to the junior college program will be granted under the following conditions:

1. Graduation from the Seminary high school with a 2.00 average.
2. Fulfillment of the admission requirements of Aquinas College.
3. Continued recommendation of the Seminary faculty and of the student's Pastor.

For graduates of other high schools admission to the junior college program will be granted on the following conditions:

1. Graduation from high school with a 2.00 average.
2. Recommendation of Pastor and Principal.
3. Presentation of the following documents to the Seminary:
 - a. Seminary application form properly filled out (including small photo or snapshot)

- b. Seminary physical examination form completed by a doctor
- c. Certificates of baptism, confirmation, and parents' marriage (obtained from the respective churches)

4. Fulfillment of Aquinas College admissions requirements.

Students who are deficient in Latin will be expected to follow a special program in that subject at Aquinas College.

GRADES AND CREDITS

The school year is divided into two semesters of sixteen weeks each. Instruction is evaluated in semester hours. A semester hour is defined as one class period of fifty minutes requiring approximately two hours of preparation a week carried throughout a semester. A two-hour period of laboratory work is considered the equivalent of one semester hour.

Sixteen semester hours of work in addition to physical education is considered the normal class load. As all courses do not carry the same number of semester hours, the load may vary from fifteen to eighteen hours. No student may enroll for more than eighteen hours without special permission.

Grade reports are sent to parents after the close of each semester. The student's grade for each course is determined by class work, tests, and semester examination. Tentative grades for students are filed with the Dean at the mid-semester. At the end of each semester a report of the student's grades is filed in the Registrar's office.

The work of students in each subject is graded by letter and by number of honor points as listed below:

GRADE	SIGNIFICANCE	HONOR POINTS
A	Excellent	93 - 100
B	Good	85 - 92
C	Average	77 - 84
D	Poor, but Passed	1
F	Failed	0
I	Incomplete	
X	Absent from Examination	
WP	Withdrew Passing	
WF	Withdrew Failing	
FA	Failure because of excessive absences	

To be in **GOOD STANDING** a student must have at least twice as many honor points as the semester hours of work he has completed. In order to qualify for promotion to sophomore status, a freshman must accumulate at least 30 semester hours and sixty honor points; in order to graduate from the junior college department, sophomores must accumulate at least 60 semester hours and one hundred twenty honor points.
